

KILBURN GRAMMAR SCHOOL DEMOLITION AND LOCAL PHOTOGRAPHS

Redevelopment of the site began in February 2011. The Art Block / Woodwork Room and the Caretaker's Cottage have already been demolished.

I walked past the Synagogue in Chevening Road, now part of the school, down the west side of Salusbury Road, back up the east side and into the cemetery taking this series of photographs. They show the current extent of the work and include a nostalgic reminder of the tuck shop parade.
